

What's On the Line:

At-Risk Utility-Scale Solar Projects, Jobs & Investments

The Ohio Power Siting Board has placed five major utility facilities at-risk that would have consequences for IBEW Ohio members. Representing more than \$1B in investment, more than 2,000 jobs and millions of dollars in revenues for counties, schools and farmers, these projects are in the public interest.

Solar Project	Jobs		Investment-PILOT (annual)	Investment - State of Ohio			
	Construction Phase	Long-term-operational		Earnings-construction (annual)	Earnings-operational (annual)	Ouput-construction (total)	Ouput-operational (annual)
